

Make your question specific enough to begin.

Group: _____ Date: _____

Day one / Decisions and results

Action and location	Cost	Expected effect

What did the report show? Did it match your expectations?

In another round, what one thing would you change? How would you compare?

What information is missing? Which decision could it change?

Day two / An idea you can test

Who faces what difficulty, and under which conditions?

What will you change? Sketch or describe your approach.

What comparison will show whether it helps?

**Whose participation or consent do you need?
What else is missing?**

What is your next step in the coming week?
